

THE VISION

**Clean streets.
Thriving
markets.**

Clear pavements. Welcoming
businesses. Beautiful places to
trade.

AI design concept · Illustrative Harare character · Unapproved proposal

MARKET COURT

A dedicated place to trade.

Covered stalls around a shaded court. Keep business entrances and walking routes clear.

AI courtyard concept · No site allocated · Future tree growth shown

TRANSPORT

Close to the customers.

Trading near transport, with loading and pedestrian movement kept separate.

AI transport-linked concept · No named rank reconstructed

NEIGHBOURHOODS

Everyday trade, close to home.

A smaller local market with
shade, sanitation and reliable
daily care.

AI neighbourhood concept · Parcel and demand require confirmation

THE INTERIOR

Dignity in the details.

Clear aisles, washable counters, secure storage and natural ventilation.

AI interior concept · Not an exact render of the 48-stall model

AFTER DARK

A city that stays welcoming.

Warm lighting, sheltered trade and clear walking routes.
Agree the operator, power and evening opening plan.

AI evening concept · No named street reconstructed · Opening hours not confirmed

M01 STALL

A stronger place to trade.

Shelter, secure storage and a welcoming counter. Explore the M01 geometry in the workshop.

AI material concept · Separate from editable M01 geometry

48-STALL PROTOTYPE

Test the space before building.

The 48-stall prototype tests two halls, a central court and a separate service edge.

Actual concept drawing · Unplaced, unsurveyed and unengineered

CITY CONTEXT

Start with the real city.

Review Copacabana, Market Square and Simon Muzenda surroundings. Confirm the parcel, services and trader demand.

OSM mapped context · Retrieved 4 October 2026 · Study areas, not allocated sites

A FIRST PILOT

Agree one workable pilot.

Confirm the place. Hear traders and businesses. Cost the basics. Name the operator.

Proposed first step · No funding, approval or delivery date confirmed
